

All Saints' Anglican/Methodist Primary School, Elston

Head Teacher – Mrs Lisa Richmond

"Towards wisdom, excellence and faith"

September 2020

Dear parents,

Please find attached the Home Learning for your child – this is to be done whilst they are absent from school due to the following reasons:

- Isolating because they or a member of the household have covid-19 symptoms
- Awaiting an appointment for a covid-19 test for themselves or a member of the household
- Awaiting the results of a covid-19 test for themselves or a member of the household
- Their school bubble has needed to close
- The whole school has needed to close
- National lockdown

There is an overview of the learning for the week. The learning challenges are clearly shown and you can find remote lessons on www.thenational.academy

If you go to the menu on the above site you will find links for over 10,000 remote lessons. These are grouped according to Key Stage and Year Group. There are lessons, delivered by teachers, meeting all of the learning challenges we have set.

Sometimes we will provide specific tasks and resources linked to things that have been done in class. This learning is very important and should be attempted by all children – it is not a consolidation of previous learning, it is new learning and follows the organised planning teachers in our school have prepared for the children in their class.

Seesaw or Tapestry (for Ladybirds) can be used as it was during lockdown but, if school is open, you can also call or email if you have any questions.

Yours sincerely

Lisa Richmond
